Making Strides Against Breast Cancer is the American Cancer Society's premier event to raise awareness and dollars to fight breast cancer. More than just the name of a walk, it describes the amazing progress we're making together to defeat this disease. This is your opportunity to join your community to celebrate breast cancer survivors, educate women about early detection and prevention, and raise money to fund lifesaving research and to support programs to help us reach a day when no one will have to hear the words "You have breast cancer". Please walk with us.
